## MEETING ANNOUNCEMENT: VTA Project Priority and Revenue Advisory Committee

April 27, 2006

5:30 pm

City of Milpitas Council Chambers

455 East Calaveras Blvd.

Milpitas, CA 95035

The Santa Clara Valley Transportation Authority's (VTA) newly formed Project Priority and Revenue Advisory Committee will hold its *third* meeting **Thursday, April 27, 2006 at 5:30 p.m.** at the City of Milpitas Council Chambers.

The committee was formed to review the Measure A project list and several additional proposals, which include a local streets, county expressways and bicycle and pedestrian path improvement program, an expanded Senior / Disabled program, gradual VTA service increases and a Bus Rapid Transit project through Sunnyvale and Cupertino.

The committee is charged with prioritizing these projects, which will help the agency determine how it's Measure A dollars will be spent, and with creating strategies to secure sufficient revenues to fund the entire list.

The 2000 Measure A transit improvements were approved by Santa Clara County voters in November 2000 by a 70.3% majority. It authorized a 30-year, 1/2 cent sales tax, which the VTA will begin collecting in April 2006. Measure A supports a series of transit projects, which include light rail expansions, bus rapid transit initiatives, the Zero-Emission Bus Program and the extension of BART to Silicon Valley.

At the April 27 meeting in Milpitas, the Committee will review the BART to Milpitas, San Jose, and Santa Clara Project.
